Bath, Anderson and Fulton Counties now have boards in their counties. There are 78 of the 116 counties that now have boards.

Amy showed a power point of the Kentucky counties that have Permanent Prescription Drug drop-off boxes available to the public. This may be viewed on ODCP's website also.

National Drug Take-Back Day was on April ?-91 locations with 7,171 lbs. turned in.

During National Prevention week, SAMHSA had students submit a PSA concerning choices teens make. Henry County won the contest and this PSA was shown in Washington DC that week.

The next meeting is scheduled for August 15, 2013.

### **New Business/Old Business**

There was no new or old business.

Amy announced the Tobacco Settlement public hearing will be held on August 13, 2013 at the Dept. of Insurance at 1:30.

To prepare for Health reform starting January 2014. Kentucky needs to look at current policies to get the state moving in the right direction. It is important to focus on evidence-based treatment. Also to consider the possibility of payment to physicians that under HB1 has to evaluate a patient for Opioid treatment.

Prevention is key also as it does work and is very important.
